

# Pupil premium strategy statement – Todwick Primary School

Before completing this template, read the Education Endowment Foundation's [guide to the pupil premium](#) and DfE's [pupil premium guidance for school leaders](#), which includes the 'menu of approaches'. It is for school leaders to decide what activity to spend their pupil premium on, within the framework set out by the menu.

All schools that receive pupil premium are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

## School overview

Detail	Data
Number of pupils in school	206
Proportion (%) of pupil premium eligible pupils	10 children (4.8%) 4 FSM (1.9%)
Academic year/years that our current pupil premium strategy plan covers ( <b>3-year plans are recommended – you must still publish an updated statement each academic year</b> )	2024/25 2025/26 2026/27
Date this statement was published	November 2024
Date on which it will be reviewed	November 2025
Statement authorised by	Alice Deeley
Pupil premium lead	Alice Deeley
Governor / Trustee lead	TBC

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 25, 390
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£ 0
<b>Total budget for this academic year</b> <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£25, 390

## Part A: Pupil premium strategy plan

### Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Our assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for many pupils. These challenges particularly affect disadvantaged pupils, including their attainment

2	Our attendance data over the last year indicates that attendance among disadvantaged pupils has been lower than for non-disadvantaged pupils.
3	We know that extra-curricular opportunities for disadvantaged pupils, and some non-disadvantaged pupils, can be lower than their peers.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	<p>Sustained high levels of wellbeing by 2026/27 demonstrated by:</p> <ul style="list-style-type: none"> <li>• qualitative data from student voice, student and parent surveys and teacher observations</li> <li>• a significant increase in participation in enrichment activities, particularly among disadvantaged pupils.</li> </ul>
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	<p>Sustained high attendance by 2026/27 demonstrated by:</p> <ul style="list-style-type: none"> <li>• the overall unauthorised absence rate for all pupils being no more than 7%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 3%.</li> </ul>
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.

## Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £2,970.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
Purchase of My Happy Mind programme with weekly sessions to support pupils with their own mental health and wellbeing	There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): <a href="#">Improving Social and Emotional Learning in Primary Schools   EEF</a>	1
CPD for writing and reading lead on the implementation of oracy in the wider curriculum.	There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading: <a href="#">Oral language interventions   Teaching and Learning Toolkit   EEF</a>	3

## Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £3,750.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
One to one and small group tuition for pupils in need of additional support, delivered in addition to, and linked with, normal lessons.	Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind: <a href="#">One to one tuition   Teaching and Learning Toolkit   EEF</a> <a href="#">Small group tuition   Teaching and Learning Toolkit   EEF</a>	1, 2, 3

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £18,670.00

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Embedding principles of good practice set out in the DfE's guidance on <a href="#">working together to improve school attendance</a>.</p> <p>This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance.</p>	<p>The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.</p>	5
<p>Specific Forest School/Todwick Ranger sessions for disadvantaged pupils – this may include training and release time for staff</p>	<p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers): <a href="#">Improving Social and Emotional Learning in Primary Schools   EEF</a></p>	1, 2, 3
<p>School to purchase books on a termly basis to support disadvantaged families and to ensure that all children have access to high quality texts in the family home.</p>		1, 3
<p>School to fund extra-curricular activities for disadvantaged pupils; including wrap-around care; school visits; and music lessons.</p>		1, 2, 3

**Total budgeted cost: £** *[insert sum of 3 amounts stated above]*

# Part B: Review of the previous academic year

## Outcomes for disadvantaged pupils

We have analysed the performance of our school’s disadvantaged pupils during the previous academic year, drawing on national assessment data and our own internal summative and formative assessments.

The data demonstrated that, in some year groups, disadvantaged pupils did not perform as highly as non-disadvantaged pupils. Due to the very low numbers of disadvantaged pupils, it is difficult to outline trends and patterns in performance. Instead, disadvantaged pupil performance must be analysed on a case by case basis, with specific barriers to achievement being identified.

To help us gauge the performance of our disadvantaged pupils we compared their results to those for disadvantaged and non-disadvantaged pupils at national and local level and to results achieved by our non-disadvantaged pupils.

We have also drawn on school data and observations to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing.

The data demonstrated that disadvantaged pupil attendance is slightly below that of non-disadvantaged. Attendance for all pupils in 2024/25 was 95.2%. For disadvantaged pupils it was 92.1%.

Based on all the information above, the performance of our disadvantaged pupils did not meet expectations in all areas, and we are at present on course to achieve the outcomes we set out to achieve by 2026/27, as stated in the Intended Outcomes section above.

Our evaluation of the approaches delivered last academic year indicates that some of the strategies used, particularly the SEMH and wider experiential development were found to be effective in supporting disadvantaged pupils.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year. The Further Information section below provides more details about our planning, implementation, and evaluation processes.

## Externally provided programmes

*Please include the names of any non-DfE programmes that you used your pupil premium to fund in the previous academic year.*

Programme	Provider

--	--

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:* **How our service pupil premium allocation was spent last academic year**

<b>The impact of that spending on service pupil premium eligible pupils</b>

## Further information (optional)

*Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, implementation and evaluation, or other activity that you are delivering to support disadvantaged pupils that is not dependent on pupil premium funding.*
